- **Programming Languages:** Kotlin, Java, Swift, Dart

- **Frameworks & Libraries:** Android SDK, Flutter, Firebase, Retrofit, Bloc, Compose Multiplatform (CMP)

- **Database Technologies:** Room, SQLite, Hive, SharedPreferences, DataStore

- **Architectural Patterns:** MVVM, Clean Architecture, BLoC

- **Developer Tools:** Android Studio, Xcode, Git, Postman, Visual Studio Code

- **Deployment & Publishing:** Google Play Store, Apple App Store, CI/CD pipelines

---

PROFESSIONAL EXPERIENCE

dJAX Technologies — *Software Engineer*
Oct 2024 – Present | Coimbatore, India

- Developed native Android and iOS Ad SDKs supporting dynamic zone-based ad refresh and geofencing for location-based delivery.

- Implemented ad mediation with fallback support across AdMob, Chartboost, and Unity ad networks.

- Contributed to cross-platform app development using Flutter for internal ad tools.

Ausweg Automation — *Senior Android/iOS Developer*
Mar 2023 – Oct 2024 | Coimbatore, India

- Designed and implemented mobile solutions using Android (Kotlin), iOS (Swift), and Flutter for industrial automation.

- Delivered complex IoT-integrated apps, including CMMS, WMS, EMS, and OEE tracking systems.

- Built utilities such as QR code printing apps and Google Sheets-based expense trackers.

- Improved app performance and stability, reducing crash rates by 40%.

- Implemented user authentication, offline data sync, and analytics tracking.

- Released and maintained applications on both Play Store and App Store using CI/CD.

Invicious Technologies LLP — *Android Developer*
Mar 2021 – Mar 2023 | Coimbatore, India

- Developed social media mobile applications with integrated Firebase real-time database and media features.

- Integrated RESTful APIs and implemented offline data caching.

- Worked collaboratively with designers and QA to ensure intuitive UX and app reliability.

Qtree Technologies — *Android Developer Intern*
Oct 2020 – Mar 2021 | Coimbatore, India

- Completed hands-on training in Android app development.

- Contributed to internal applications using Java and Android SDK.

EDUCATION

CIT Sandwich Polytechnic College
Diploma in Chemical Engineering
June 2014 – Apr 2017

Qtree Technologies
Short-term Certificate in Android App Development
Oct 2020 – Mar 2021
